GHOST

No-Touch IR Sensor

PRODUCT DESCRIPTION

Designed with precision and sophistication in Italy, the Avior Lighted Mirror is a true work of art. Its sleek, seamless matte black aluminum frame is a statement of modern luxury that seamlessly fits into any space. Our exclusive GHOST FRAME lighting technology bathes you in a soft, flattering glow of indirect light, ensuring a flawless reflection. When switched off, the light source disappears into the matte black frame and is completely concealed. The integrated shelf adds style and convenience, providing a dedicated spot for daily essentials. The defogger makes the Avior mirror crystal clear, even in the steamiest environments. With a hands-free infrared sensor, operating the Avior Lighted Mirror is as simple as a wave of your hand. Turn it on or off, select your desired color temperature (CCT selectable), and dim the light without touching a single button. Elevate your daily rituals, bask in the glory of your reflection, and redefine your grooming experience with the Avior Lighted Mirror.
