Shelf with WirelessPhone Charger

## PRODUCT DESCRIPTION

Introducing the Skylight Round Mirror: a timeless masterpiece of Italian design redefining bathroom elegance. Crafted with precision, this mirror boasts two exclusive technologies: GHOST Light and Modular Lighting System (MLS). With Ghost Lighting, experience the magic of direct illumination that seamlessly disappears behind the mirror when switched off, offering you unobstructed reflective space. Meanwhile, the Modular Lighting System empowers you to customize your lighting experience by selecting between all three lighting sections or just two of them, catering to your unique preferences. Adding to its functionality, the mirror features an integrated aluminum shelf equipped with a wireless phone charger, providing ample space for your phone and essential beauty items. Navigating through color temperatures ranging from 3000K to 6000K and adjusting output levels is effortless with the touch of the illuminated touch button on the mirror. Plus, with the built-in defogger, rest assured that your mirror will remain crystal clear even in the steamiest of environments. Ideal for smaller bathrooms where countertop space is at a premium.

## FEATURES

- Round LED mirror with integrated shelf • Integrated LED Frame lighting (Direct) presenting our exclusive GHOST LIGHT technology
- Integrated Aluminum shelf with wireless phone charger
- Illuminated touch button On/Off switch
- CRI 85+ CCT: Tunable (4000K-6000K) LED rated life: 60000 hours.
- Dimmable.
