

## PRODUCT DETAILS:

A reflected geometric form composed of water hyacinth and rattan adds drama through a symphony of shadows in the Masasa chandelier. Pale grey finished water hyacinth is weaved in a mushroom-like shape and surrounds six medium base sockets. The lamps appear to be in one large central cluster but are reflected within the shades - three facing upwards and three facing downwards. Nickel-finished hardware complements the shade, adding another dimension to this invigorating design. Garnish your space with natural elements and striking composition with the Masasa chandelier.
