

PRODUCT DETAILS:

The Selena series of designer lighting is noted for its molded glass disks and elegant matte black or aged brass frames. The shade is cylindrical, with one circular horizontal band with several vertical rods connected reminiscent of a dandelion. Each rod holds a series of clear, concentric, circular molded glass disks with an antiqued ripple design. The medium base sockets are positioned inside the frame, casting a warm glow through the glass discs. The series hangs from a chain attached to a circular canopy.
